## LET'S GO ON AN ADVENTURE

Dear guests, finally, your vacation is here! Time to get away, relax, explore – once arrived in Saxon Switzerland you can look forward to breathtaking moments on mountain peaks, great cultural experiences in a unique scenery and cosy evenings in traditional mountain huts. But the region has even more to offer: fairytale gardens, fancy buildings, forgotten crafts, stunning collections and passionate hosts. This booklet is your guide to all of this.

Over 1,200 kilometres of well-marked hiking trails lead through breathtaking landscapes with rock formations, gorges and valleys. In this brochure, you will find numerous tours to great places and many tips how to enjoy them most.

Cycling in Saxon Switzerland combines impressive scenery with relaxed enjoyment of nature. Between sandstone cliffs, dense forests and narrow river valleys, there are varied trails that are equally suitable for trekking bikes, gravel bikes and mountain bikes. Each tour has its own character and allows you to experience the diversity of the region first-hand. From page 46 onwards, you will find suggestions for your cycling experience in Saxon Switzerland.

The Malerweg, a multi-day hiking trail through Saxon Switzerland, is celebrating its 20th anniversary this

year. A wide range of activities are planned to mark the occasion. In summer, for example, there will be a special exhibition entitled 'Inspiration Malerweg' featuring important and rarely seen works. Monthly jubilee tours (March to October) on each of the eight sections of the Malerweg and a photo competition are also planned. Find out more here: QR code 'Malerweg 20 Years'.

Malerweg 20 Y.

All guests who are already on site can find a wealth of information for their stay on our welcome page (see QR code 'Welcome'). Here you will find current events, recommended tours and excursions, and numerous tips for experiences in Saxon Switzerland.

Welcome

Feel free to use the Saxon Switzerland guest card! The guest card offers discounts and extras for most of the leisure activities listed here and includes for most places you can stay also the option to use regional public transport free of charge.

We wish you a pleasant stay.

### 1 | HOHNSTEIN CASTLE

The impressive Hohnstein Castle towers high above the Polenztal valley, crowning the small, terraced town of Hohnstein. In addition to a hotel and hostel, the castle is a wonderful destination for an excursion, offering a magnificent view of the town and the valley. The castle can be visited free of charge. The castle café with restaurant and beer garden is open daily.

### 2 | STOLPEN CASTLE

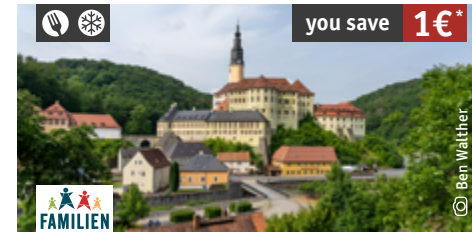

Visible from afar, the ruins of the former Stolpen Castle rise up. It is inextricably linked to the fate of Countess Cosel, the mistress of Augustus the Strong, who spent 49 years as a prisoner in the castle. Children will be excited to meet the castle's ghost Basaltus haunting the cellars. Another fascinating feature is the well driven 84 m deep into the basalt rock.

### 3 | WEESENSTEIN CASTLE

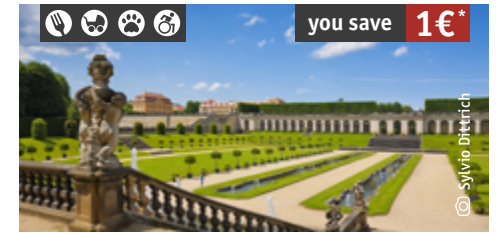

A ballroom in the attic, horse stables on the fifth floor, below that the vaulted cellars, and one floor lower the royal living quarters, rich in original interior furnishings. Impossible? Not in Weesenstein! The curious castle in the Müglitz Valley, the secret residence of the Wettin family in the 19th century, invites you on a journey through time covering 800 years of Saxon history.

### 4 | GROSSEDLITZ BAROQUE GARDEN

Preserved in its original state, the ensemble is one of the most beautiful works of garden art of the German Baroque period. Augustus the Strong planned his 'Saxon Versailles' here, with orangeries, idyllic garden rooms, water features, and valuable sandstone sculptures. Over 400 potted plants, including more than 200 bitter orange trees, adorn the magnificent grounds in summer.

### 5 | PILLNITZ PALACE & PARK

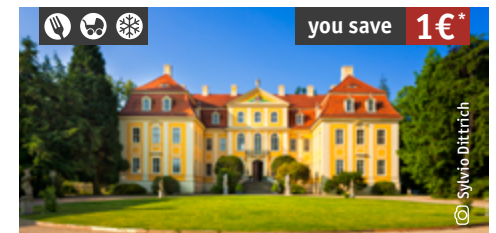

This magnificent palace and park complex on the banks of the Elbe is considered a prime example of the chinoiserie style, which blends Far Eastern architecture with that of the Baroque. The extraordinary ensemble combines architectural and horticultural artistry and captivates visitors with botanical treasures such as the 250-year-old Japanese camellia.

### 6 | RAMMENAU BAROQUE PALACE

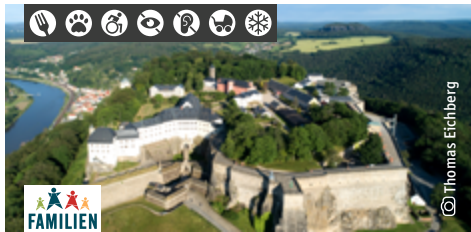

This fully preserved manor complex holds fascinating stories about the lives of the nobility and their servants. This gem in Lusatia invites you to enjoy the castle café and concerts in the castle and park. You can spend the night in style in a spacious suite. The castle's own picnic wagon makes a walk in the park a special experience.

## 7 | KÖNIGSTEIN FORTRESS

The mighty mountain fortress towers high above the River Elbe – once impregnable it is now a popular destination for visitors from all over the world. Magnificent views, imposing buildings and lovingly designed gardens along with interactive exhibitions, exciting guided tours and events make your visit complete. History comes alive here! In addition, the restaurants spoil visitors with culinary diversity.

FURTHER TOURS  
ARE AVAILABLE HERE:  
[erlebnisse.link/allhikes](https://erlebnisse.link/allhikes)

Saxon Switzerland impresses with striking rock formations, mysterious gorges and picturesque valleys.

Over 1,200 kilometres of well-marked hiking trails lead through a varied landscape. In Saxon Switzerland National Park, rare species and undisturbed habitats are protected. Treating nature with respect helps to preserve this special place. This includes for instance to hike on marked trails only and to take all rubbish home.

Some hiking trails lead over ladders and grates, through narrow passages. With sturdy footwear, weather-appropriate clothing and a sensibly packed backpack, you can enjoy the beauty of Saxon Switzerland safely and relaxed.

## Difficulty levels of the hiking trails:

### 1 Easy

Ideal for beginners and families. These routes are mostly on wide, well-maintained paths with gentle inclines and only a few metres of elevation gain.

### 2 Moderately difficult

For hikers with some experience and good basic fitness. The paths are narrower and sometimes stony, and there may be steps or short steep sections.

### 3 Challenging

For experienced hikers who are sure-footed and have a head for heights. The route involves steep ascents and descents, over rocks and narrow steps. Some sections require concentration and stamina.

## 8 LONG-DISTANCE HIKES TO THE HIGHLIGHTS OF SAXON SWITZERLAND

Bastei? Visited. Königstein Fortress? Conquered. Schrammsteine? Roamed. Pfaffenstein? Climbed. Malerweg Trail hikers discover all these and numerous other treasures of Saxon Switzerland on their way. The 116-kilometre trail leads from Liebenthal through the dramatic rock world of the national park to the Bohemian border and, on the left bank of the Elbe, over many table mountains back to Pirna.

Narrow gorges alternate with impressive panoramas, dreamy valleys with sunny heights. Along the route, quiet villages and vibrant towns complete the scenery. No other trail offers so many facets and sights of the region. It is recommended to hike the Malerweg in eight stages, so that there is enough time for the viewpoints on the left and right of the trail.

### BASIC INFORMATION

Route: 116 km  
Duration: 46 h  
Altitude difference: 3600 hm  
Level: 2 – 3

## 90 | FORELLENSTEIG

The idyllic 'Forellensteig' trail leads between Ladenberg and Schlepphübel hills along the murmuring Gottleuba stream and a former railway line. Waterfalls and churnholes appear between mossy boulders. In summer, the outdoor swimming pool is well worth a visit, and the visitor mine at the trailhead is worth seeing all year round.

Start & finish: Besucherbergwerk Berggießh.   
Route: 6,5 km | Duration: 1:45 h  
Altitude difference: 51 hm | Level: 1

# CYCLE TOURS

Plan your cycling tours here:  
[erlebnisse.link/cycleprepare](https://erlebnisse.link/cycleprepare)

Cycling in Saxon Switzerland combines impressive landscapes with relaxed enjoyment of nature. Between sandstone cliffs, dense forests and narrow river valleys, there are varied trails that are equally suitable for trekking bikes, gravel bikes and mountain bikes. Each tour has its own character and allows you to experience the diversity of the region first-hand.

The paths are rustic in places. Gravel and challenging climbs are part of the experience from time to time. But it is precisely this mixture that makes it so appealing, because fantastic views and wonderful descents usually follow directly after the effort. Marked routes can be recognised by the typical green and white signposts. Some of the tracks have sections on roads.

The Saxon Switzerland National Park has around 50 kilometres of officially designated cycle paths.

Cycling is only permitted on these marked routes, while many other paths are reserved for hikers. This protects the sensitive ecosystem while still allowing access to impressive natural experiences.

Special bikebuses, which transport bikes and make it easier to plan longer tours, also ensure convenient mobility in the region. This allows you to shorten or extend your trips flexibly. Many routes also cross the border into Bohemian Switzerland, where other scenic routes seamlessly connect.

A classification according to difficulty levels was deliberately omitted. Instead, the route length, elevation gain, map and elevation profile behind the QR code help you to find the right itinerary for your bike type, fitness level and motivation. This way, everyone can design his or her own favourite route.

## GRAVEL BIKE ADVENTURES IN SAXON SWITZERLAND AND UPPER LUSATIA

The RockHead gravel bike route combines sporting challenges with impressive natural scenery between Saxon Switzerland and Upper Lusatia. On remote gravel paths, narrow forest trails and scenic mountain ranges, the route opens up new perspectives. Striking rock formations, deep valleys and sweeping panoramas characterise the route, as do the alternating challenging climbs and dynamic descents. The connection between the two regions makes RockHead a special experience for gravel bikers looking for a sporting challenge off the beaten track.

The RockHead is not signposted. We recommend downloading the latest GPX data from the website.

### 112 | RESTAURANT & GUESTHOUSE 'LICHTENHAINER WASSERFALL'

Take a nostalgic ride on the Kirnitzschtalbahnhof railway to the terminus and after 30 minutes you will reach "Lichtenhainer Wasserfall". The restaurant with its own waterfall offers traditional Saxon home cooking in a family-friendly atmosphere. Enjoy your break on the terrace or in the beer garden. Dogs are welcome in the restaurant.

# Visitor Mine „Marie Louise Stolln“

... in the spa town  
of Berggießhübel

## Experience the exciting underground world for example on:

- a guided mine tour (90 minutes)
- a children's tour with gemstone panning
- a mulled wine tour or "Metzenschicht"  
(traditional miners' Christmas shift, Advent season)

Current opening times, events and online tickets at [www.marie-louise-stolln.de](http://www.marie-louise-stolln.de)  
or by phone +49 (0)35023 52980 (Admission for children aged 5 and over.)

Open all  
year round!

## Combine your mine visit with:

- a visit to the Medical History Collections in Bad Gottleuba,  
the Bismarck Tower and the Bad Gottleuba reservoir
- cooling off at the "Billy" outdoor swimming pool opposite
- circular hikes in the Gottleuba Valley with the Max Bähr Mill
- time spent at the "Salzscheune" (Salt Barn) Berggießhübel
- a visit to one of the cozy cafés and restaurants
